BUSINESS FINANCING

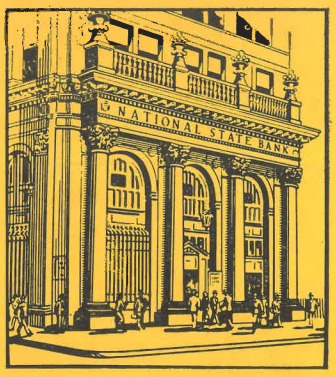
What Is A Live Prospect?

Here is a man with a lot of questions on his mind. He wants to know Where and What and Who and How?

Thousands of live prospects are looking in directories daily to find out

Where they can buy something
What they can get for their money
Whom they can buy it from
How they can get it



The time to sell a prospect is when he is alive.

Make this book your Salesman to Live Prospects.

Private Ambulance Service
PHONE OR. 2-2414

Established 1812 . . . .

Service to clients and community has been a watchword at National State Bank of Newark for 142 years. There is no banking or trust problem that this bank has not handled—invariably to the satisfaction of the customer.

Your banking problem, business or personal, will find a solution here. You will receive courtesy and consideration, and your problem will be handled with dispatch—the result of our long experience in banking.

Accounts, large and small, receive the same attention. Eleven offices in Essex County conveniently serve residents and business firms, each office being staffed to handle every type of banking and trust service.

The industrial growth of the Port Newark, South Newark and Airport areas of Newark has created a need for a strong bank to serve business, industry and individuals in these areas.

This long-felt want is now met by National State's offices at the Newark Airport, in Port Newark and in South Newark.

Industrial, seaport and airport firms and their personnel will find every convenience at these offices to meet their banking requirements. Drive-In or parking facilities enable customers to save time. Night depositories are provided for those who cannot conveniently bank during regular banking hours.

NEWARK NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation "r" between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

🕭 Indicates telephone at this number.

"Right odd" after street description indicates odd numbers on right side of street.

The symbol ◎ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.
